Dear Carson,

Re: Removal of the Community Health Office.

I am writing to thank you for the way that our office move was handled. It was very professional and all your men worked extremely hard. The move was not easy due to the location of the staff at Y Bwthyn and of course the good old British weather!

Mervyn the Foreman was very organised and managed to keep control of the operation at all times. The down time to the Directorate was kept to a bare minimum and no patient services were disrupted.

Once again, thank you very much and we hope not to see you for a very long time!

Yours sincerely,

Sue.

Sue Zobole.
Directorate Support Manager.
